

SCE – LCE
JOINT RATE COMPARISONS

As part of our mutual commitment to better serve customers, Lancaster Choice Energy (LCE) and Southern California Edison (SCE) have come together to provide a comparison of common rates, average monthly charges, and the power sources we provide. Below you will find a representative comparison of our rates, average monthly bills, and power generation portfolio content based on customer class. To find your specific electric rate, please scroll down to your rate plan to view the rate and bill comparisons.

Definitions

Generation Rate reflects the cost of producing or purchasing electricity to power your home or business. This rate will vary depending on your service provider and rate plan.

SCE Delivery Rate is a charge assessed by SCE to deliver electricity to your home or business. This rate depends on usage.

Surcharges represent the Cost Responsibility Surcharge (CRS) and Franchise Fee (FF) that are applicable to Community Choice Aggregation (CCA) customers. The CRS recovers costs of power purchase commitments that become stranded as a result of CCA initiating service. The FF recovers taxes owed to a city in exchange for allowing SCE to utilize electrical distribution lines throughout the property of the city. SCE acts as the collection agency for the FF surcharge which is levied by cities and counties for all customers.

Where Do I Find My Electric Rate Schedule?

Need some help finding your electric rate? Go to the “Details of your new charges” section of your energy statement – You’ll find your electric rate in the upper left.

Service account 0-000-0000-00
Service address 123 Main Street
Lancaster, CA

Rotating outage Group A025

Compare the electricity you are using
For meter 123456-123456 from Apr 8 '15 to May 8 '15 Your next billing cycle will end on or about Jun 9 '15.
Total electricity you used this month in kWh 143

Generation Rate reflects the cost of producing or purchasing electricity to power your home. This rate will vary depending on your service provider and rate plan.

SCE Delivery Rate is a charge assessed by SCE to deliver electricity to your home. This rate depends on usage.

Surcharges represents the Cost Responsibility Surcharge (CRS) and Franchise Fee (FF) that are applicable to Community Choice Aggregation (CCA) customers. The CRS recovers costs of power purchase commitments that become stranded as a result of CCA initiating service. The FF recovers taxes owed to a city in exchange for allowing SCE to utilize electrical distribution lines throughout the property of the city. SCE acts as the collection agency for the FF surcharge which is levied by cities and counties for all customers.
