Lancaster Choice Energy (LCE), its employees, agents, contractors, and affiliates shall maintain the confidentiality of individual customers' names, service addresses, billing addresses, telephone numbers, email addresses, account numbers, and electricity consumption, except where reasonably necessary to conduct LCE's business or to provide services to customers as required by the California Public Utilities Commission (CPUC). Examples of reasonably necessary business purposes include but are not limited to when such disclosure is necessary to (a) comply with law, regulation, or court order; (b) enable LCE to provide services to its customers; (c) collect unpaid bills; (d) obtain and provide credit reporting information; (e) resolve customer disputes or inquiries; (f) communicate about demand response, energy efficiency, energy management, and conservation programs, or (g) in situation of imminent threat to life or property. Customer data, including individual customer names, addresses, and electric energy usage data, is collected via Southern California Edison's metering systems. Contractors and vendors are required to agree to only use customer data for program operational purposes and protect it under the same standards as LCE. LCE maintains customer-specific energy usage and billing information for only as long as is reasonably necessary, typically not more than five years unless otherwise necessary by law or regulation.
